

3 Courses

ASP.NET Core Foundation

React Fundamentals

Building React Application
using ASP.NET MVC5

**BOARD
INFINITY**

Feb 17, 2024

Guzmán Beyhaut

has successfully completed the online, non-credit Specialization

Building React and ASP.NET MVC 5 Applications

In this specialization, learners are taught to build web applications using React & ASP.NET technologies. They have learnt the fundamentals of C# Programming, how to develop web applications using React and setup backend using MVC 5 and WebAPI. They are well-equipped with the knowledge and skills needed to develop advanced fullstack web applications.
